WATER POLO STYLE **NOW BEING ARGUED**

followers of Game Seem Divided Between English and American Systems of Play - General Aquatic Notes,

Just what style of water pole to play—
English or American—is a question now before the various athletic clubs and universities of the country. The introduction of the British aquatic sport seems to have taken a good hold among the swimmers, as a whole, throughout the swimming stream of the British advanced to the play the American game. At the recent request of the University of Pennsylvania swimming squad, the New York Athletic Club team organized a socker polo teom and met. The game was pronounced a success, and a good one, and not only met with favor from a spectator's point of view, but with the players also.

The game has also been introduced at Boston, Chicago, Milwanke, Columbus and other universities. Whether they will continue to play this style and arrange interestly and collegiate matches is not known, but from reports from these various places it appears as though the new game is here to stay, for a time at least. In the local tank, the game has become quite popular, and all tipse who participated in the contest Saturday night pronounced it better than the old contest. It is almost necessary for them to say they like the old game, so should they favor the new, it would as should they favor the new, it would as should they favor the new, it would be read to the police, but they were unable to learn where the celebrated to the police, but they were unable to learn where the celebrated to the police, but they were unable to learn where the celebration was being held.
